Instructions for FFATA Subaward Reporting

PRIME CONTRACTORS awarded a Federal contract or order that is subject to Federal Acquisition Regulation clause 52.204-10 (Reporting Executive Compensation and Awards) are required to file a FFATA subaward report by the end of the month following the month in which the prime contractor awards any subcontract greater than \$25,000. This reporting requirement will be phased-in (see below):

- Phase 1: Reporting subcontracts under federally-awarded contracts and orders valued greater than or equal to \$20,000,000, reporting starts now.
- Phase 2: Reporting subcontracts under federally-awarded contracts and orders valued greater than or equal to \$550,000, reporting starts October 1, 2010.
- Phase 3: Reporting subcontracts under federally-awarded contracts and orders valued greater than or equal to \$25,000, reporting starts March 1, 2011.
- Phase 4: Reporting subcontracts under federally-awarded contracts and orders valued greater than or equal to \$30,000, reporting starts October 1, 2015.

Although the requirement to report subawards is being phased-in at certain dollar levels, if you would like to start reporting prior to the start date for your subcontracts, the system is available to you for reporting.

PRIME GRANT RECIPIENTS awarded a new Federal grant greater than or equal to \$25,000 as of October 1, 2010 are subject to FFATA sub-award reporting requirements as outlined in the Office of Management and Budget's guidance issued August 27, 2010. The prime awardee is required to file a FFATA sub-award report by the end of the month following the month in which the prime recipient awards any sub-grant greater than or equal to \$25,000.
