Creating a FFATA report

To create a Grant FFATA report:

a. Go to the FSRS home page:

b. Select the [create FFATA report] icon

c. Screen will advance to the next step of the process
To begin the report process the user must be on the [New Report] screen:

Step 1, Instructions - provides guidance for when subawarding reports are required for both contracts and grants;

a. An existing report can to be copied by going to the bottom of the screen under [Copy Existing Report] and selecting the appropriate grant award number using the drop down menu. Note: only the prime awardee information can be copied, subawardee information must entered manually.
Step 2 - Enter Award Number:

a. For Type of Award, select the [Grant Award] button;

b. Screen will automatically move to the next page.
Step 2, continued:

a. Type of Award is pre-populated from previous screen;

b. In the [Select Existing Award] box, using the dropdown menu, locate the grant being reported and select the grant award number;

c. If the grant award does not exist on the menu list, go the empty box and manually type the grant number in.

d. Select [Continue] to advance;
Step 2, continued;

e. Refreshing Grant Award Data screen pops up. Confirm the grant information is correct; if yes…

f. Select the [Continue] button to advance to the next stage of the process;

g. If the Award ID information is incorrect, type the correct FAIN in the empty box and select the [Continue] button;
Step 3 - Grant Award Details:

a. User certifies that he/she is the prime awardee for the grant being submitted; if yes…

b. Select [Save & Continue] to advance to the next step in the process;

c. If the user is not the Prime Awardee for the grant information being reported select [Cancel] and the system will take you back to your FFATA reports list.
Step 4 – Prime Award Details:

d. User must review the fifteen elements in this section to either ensure the pre-populated data is correct and or fill in the blank fields that require data;

e. The information in this section is self explanatory and is specific to the prime awardees organization;

f. If a data element is determined incorrect, mark “no” and a blank box will appear for you to provide an explanation. This will flag the element that is deemed incorrect and the Grant Making Official will review and take the necessary corrective action;

g. Select [Save and Continue] to advance to the next stage of the process;

h. If errors are detected in this section an error message will be displayed;

i. Any time a user is unable to continue with this process, simply select the [Save] button and the action will be saved as a draft report. Draft reports can be retrieved from the FFATA Review Reports list under the Drafts tab.
Step 4 – Prime Award Details

If Errors are detected, the system will flag the areas that require correcting. If for some reason the errors cannot be addressed immediately and you wish to continue with the process, select the [Ignore Errors, Save & Continue] button. This will allow the awardee to continue filling out the other steps to this process. However, in order to complete the report, all errors must be corrected prior to submission. Once errors have been corrected the submission process may continue.
Subawardee Data

Step 5 - Subawardee Data;

a. Select [Add Subawardee] button;

b. Screen will automatically open for user to provide subawardee data;
